**UNITED FOR BETTER
HEALTHCARE AT LABCORP**

As a member of our bargaining team, I am proud of our affordable, quality healthcare plan.

Being part of a union is about **having the power to come together and make the changes that really matter** to me and my coworkers.

- Fredel Albritton,
LabCorp

As members of the UFCW, LabCorp workers are coming together to negotiate for better benefits. We don't have to settle for what's in the employee handbook — together, we can have a seat at the table to help write our own contract.

LabCorp workers in Washington State have already reduced deductibles and healthcare premiums through their union contract. Now Californian LabCorp workers are getting our chance to address the issues that matter to us.

Take your seat at the table by joining with your coworkers at LabWorkersUnited.org.
